## **VISION**

- To become a model institution in introducing the real engineering methodologies.
- To have a perfect synchronization of the ideologies of E-Cube with challenging demands of the real time scenarios.

## **MISSION**

- To Re-design the Engineering Education system for students to be able to work in real time with ease.
- To establish a pedestal for the integral innovation, team spirit, originality and competence in the students, expose them to face the global challenges.

# FACULTY

- Faculty comprising of learned Academic institutions/Universities and having real-time working experience with the technologies.
- The Professors are having the synergy of excellence in application oriented teaching, research and consultancy experience.
- The experienced academicians continuously Endeavour to impart the knowledge to groom the students into industry ready engineers.

# COURSE CONTENT

- Stage-1:  
Introducing all the frameworks available in the real world to students related to the subject they are learning now.
- Stage-2:  
Integrating these frameworks into their subject and make them learn how to use it.
- Stage-3:  
Helping the students to work with those technologies in parallel with the subject syllabus in the curriculum.
- Stage-4:  
Helping the students to make a complete application on the respective subject at the end of the semester.

**READING + PEER DISCUSSION + DOING A LIVE PROJECT**

# ADVANTAGES

- **Project Based Learning** – You will never get into a situation where you don't know how to use your knowledge. We have designed activities that immediately puts your learning into action.
- **Talk to a Real Teacher/Mentor** – We value the importance of having a mentor in life. All our programs offer Live masterclass session.
- **Quality Learning** - Using a combination of technology and learning rubrics inspired by old Engineering Education system, you will know your learning outcomes that help you to be more competent and stay inspired.

“

**ENGINEERING IS THE CLOSEST THING TO MAGIC  
THAT EXISTS IN THE WORLD**
